Christine Porter

Messages of Love: I made this quilt with blocks from one of my student groups for member Tracey, a Director of Nursing in London, who caught Covid in mid-April. She has been working ever since her recovery in mid-May with hardly any time off and says her quilt makes her feel surrounded with love from the group.

Christine Porter

Eliza's quilt, Longarm quilted by Mary-Jane Hutchinson: I made this for my zany youngest granddaughter Eliza, aged 14 years. The cat, who sleeps on her bed caught fleas, so the quilt went straight into the washing machine! Then they told me.....

Christine Porter

Orchids & Irises, Longarm
Quilted by Frances Meredith.
This is the second in a series
of a pattern I have designed.

Sue Wakefield

Fishing Forecast Quilt

I started work on this wall hanging in October, when a group of us went for a sewing week to Bodrugan Near.

Mevagissey.

I have always liked listening to the shipping forecast on the radio and I couldn't resist this design by Janet Clare, when I saw it . Janet does hers all by hand but I did mine by machine apart from the lettering. Really pleased with the end result and now I will never get my Fair Isle from my Fastnet wrong again.

Sue Wakefield

Christmas Stocking

I made this Christmas stocking is for my Granddaughter. The outer fabric is white fleece with appliquéd Christmas motifs sewn on before making up the stocking. The lining is one of my favourite fabric ranges, Scandi from Makower. The lights are just to create a festive atmosphere.

On Christmas morning Henri asked "where's the other one"

A reasonable enquiry coming from a 2year old I guess.

Sue Wakefield

Christmas Stockings for the BRI

A request for Christmas Stockings came late in Dec. The stockings were for the 180 staff working in A + E at the BRI to thank them for working tirelessly on the public's behalf.

I would like to thank all the ladies who were able to contribute towards the 180. Here a couple of the stockings I made using the pattern provided.

Sue Parsons

Wendi Morri

I made the stockings in the lead up to Christmas. I donated another 9 after the request for stocking for the nurses in A&E. That kept me busy over the week before Christmas.

I've now made over 200 face masks.

Wendi Morri

I also made the project bag in the autumn. Since then I've made another 2 and one is now in Pembrokeshire as it went to my sister as a Christmas Present.

Wendi Morri

The 2 teddies were made as an anniversary present in the autumn

Ann Moody

This quilt was made for a friend who patiently waited as she had asked me to make her a sunflower quilt ages ago. Thankfully, she thought it was worth the wait and after giving it to her I decided to surprise her with a matching cushion.

Ann Moody

This one was done at an
Alicia Merritt Quirky
Landscapes hour workshop
at FOQ in 2019. It's about
12" x 12"

Ann Moody

The one on the left was started at a BQ workshop with Gillian Travis and only recently finished. The ones on the right are Christmas quilts for the BRI

Becky Freeman

I have used fabric bought initially for quilting to make little clothes.

Christmas Trees

Alison Cossons

Easter card -
handmade stencil -
overdyed printed
image onto paper
and felt with FMQ

Alison Cossons

Collage of Larry The Cat (No 10 Downing Street cat) in a Twitter weekly competition (original photo attached - people were asked to submit their interpretations of a weekly Larry photo)

Alison Cossons

Hand overdye printed papers using stencils and wooden blocks as a collage for FMQ onto felt in a weekly Larry The Cat copy the given photo competition on Twitter (original photo attached)

Alison Cossons

Time For Peace - my peace rose was my inspiration. Clock face parts images are hidden within the hand printed and overdyeed papers onto felt, using stencils and wooden blocks, and FMQ.

Alison Cossons

My latest WIP - silhouettes being made with hand printed papers using stencils and wooden blocks. Moorhen and upturned duck at Old Sneed Nature Reserve!

Carole Webb

'Cock and Hen' is a combination of purchased panel offcuts with improv piecing and machine quilted

Carole Webb

'Mad Mary' is my attempt at an improvised 'Faces' quilt, loosely following the demo by Alex Anderson on The Quilt Show that was broadcast in November 2020. It is also machine quilted

Judith Barker - Lockdown Leftovers Quilt

Judith Barker

Christmas
stockings for the
BRI.

Kate Sullivan
Quilt for a teenager

Denise Mathews

This is something I made for my 5 year old granddaughter from a panel acquired in January 2020 in a Madagascan tropical forest from a group of native ladies. It was originally in landscape so I rejigged it to make it usable. Demonstrates the endangered ring tailed lemurs. Backed in green fleece.

Kathy Eagle

Bird s quilt started as a group project for Charity. Is now being layered up

Mary-Jane Hutchinson

Here is a photo of a cathedral window lap quilt that I finished over the summer. It was one of the oldest items in my UFO boxes as the squares are remnants from clothing that my mother made for my sisters and me. I cut them out one summer during the school holidays then a few years later I started to make them up into the cathedral squares when I lived with my grandmother. The size increased by 2/3s by the time I ran out of fabric (originally curtain lining as this was suggested in the late 1970s) and squares. It is draped over the settee and I remember the occasions that the clothing was made for.
